Tankage

Fuel: 10831 gallon

Water: 1506 gallon

Holding: 1728 gallon

Introduction

Grey Matters is the best in class. No other 150' PJ or similar yacht has had the upgrades, improvements or care that Grey Matters has had. Grey Matters is the only yacht of this style in the world with zero speed fin stabilizers and zero speed gyro stabilizers.

If you would prefer the amazing adventures and vacations possible on Grey Matters rather than spending months and months in the shipyard that will be necessary to bring the other similar yachts to the condition of Grey Matters then look no further.

If nothing else your wife will be very happy with the advanced stabilization systems that were recently installed.

Walk Through

The seating area on the main deck aft of the salon is inviting and comfortable. Whether you are starting your day with coffee or discussing the day's activities with family and friends, you will find yourself relaxed and able to enjoy the scenery.

Moving a bit forward on the main deck is the open dining salon area. After a few great meals here you will never want to eat indoors again. The large, all-weather flat screen TVs on either side of the dining salon offer music, videos, or the ability to keep up with the current events.

A little further forward and through very large sliding glass doors is the elegant salon and formal dining salon. The large windows offer amazing views and open the salons up to be bright and welcoming. There is a large bar to the starboard side with chairs that offer a great area for more formal entertaining.

Forward of the salon area is the media/study room. This space has an enormous TV for watching movies. It closes off to offer a great space for small children to play. It also can be used for private conversations or simply to take a nap.

Forward of the media room is the large commercial galley. The galley is not lacking for any appliance, refrigeration, or freezer space.

The lower deck area is where you will find the master suite and four guest suites. Keeping the bedrooms low in the yacht offer greater comfort while underway and keep the rooms quiet during busy times on board for those who choose to sleep in.

The upper deck is the space that you have always dreamed of having on a yacht. The large seating area midship is the focal point for casual entertaining, family fun and total relaxation. A bit aft of the seating area is a large comfortable bar overlooking the hot tub. It is not hard to imagine yourself seated at the bar smoking a cigar and watching the scenery pass by. The hot tub is just aft of the bar.

Aft of the hot tub is a massive sunning area with large sun loungers.

AV & Electronics

Refit

GREY MATTERS has had an extensive refit and is continuously being upgraded. Maxing out at 26.5 Knots, her new two engine configuration has been a huge success. Fresh paint everywhere in light grey with black and gold accents. New teak decks throughout, reconfigured sun deck and open sun deck lounge incorporating Jacuzzi and wet bar, new AV, BBQ and open deck air-conditioning. Every inch of the interior has been upgraded & refinished.

>3x Seakeeper Gyros have been installed to provide at anchor stabilization. For underway stabilization, GREY MATTERS still retains her Quantum fins.

Installation of a brand new name board to complement the style.

Interior (November 2015)

New interior furniture which included, new dining room chairs, new saloon sofa, new bar stools, new card table chairs, 3 new arm chairs. These are of the highest quality Italian leather Minotti brand new Media Room sofa was also installed being a Ligne Roset.

A series of personalized board games and gambling sets were purchased to add to the enjoyment of guests.

Galley

6 new Sub Zero fridges/freezers, custom made to galley dimensions was installed in November 2015. Replacement of 3 phase Miele hob.

New extraction fan over hob.

Full fit out of Watersports

Grey matters was fully equipped with a full assortment of water toys with no expense spared to compliment the active love of water for charter clients. The tender garage was also fully fitted out with high quality teak carpet and a system of stowage.

Grey Matters has just completed the ten year Lloyds survey. Last hauled in October 2016. Work list included:

- Full hull survey

- Hydraulics system overhauled

Summary

Grey Matters has had several recent refits to meet the demands of the past two owners. Both were very experienced and knowledgeable yacht owners. Both have done refits in the past and created a work of art with Grey Matters.

You can avoid the turmoil, expenses and aggravation of an extended yard period that will be necessary to bring the comparable yachts to the condition of Grey Matters.

Along with the comfort and elegance that is obvious in Grey Matters she also meets the highest standards of safety with the flag state commercial certificates and Lloyds Class.
